

SEI offers a variety of calling features that will save you time and make your phone more productive.

Caller ID Name & Number - Allows you to screen your calls by displaying the name and number before answering the phone. A separate display unit or a telephone with an LCD is needed. (\$5.00)

Call Waiting - Allows you to receive incoming calls even if you're on the phone. A beep indicates that you have an incoming call. (\$1.75)

Voice Mail (Pack 1) - Allows up to fifteen minutes of stored messages for a period of five consecutive days. Voice mail is accessible from any touch-tone phone. (\$3.00)

3-Way Calling - Allows you to speak with two different people in two different locations at the same time. Parties are disconnected when you hang up. (\$1.50)

Anonymous Call Rejection - Allows you to block suppressed numbers within your exchange. Callers will receive a recording that they need to unblock their telephone number and call back in order for their call to be connected. (\$2.00)
